

THE WITCHES RUNE

Darksome night and shining Moon,
Harken to the Witches' rune
East and South, West and North,
Hear thee now I call thee forth!
By all the powers of land and sea,
Be obedient unto me!
Wand and pentacle, cup and sword,
Harken ye unto my word!
Cord and censor, totem and knife,
Waken all ye unto life!
Powers of the Witches' Blade,
Come ye now as the charge is made!
Queen of Heaven, Queen of Hel,
Send your aid unto my spell!
Horned Hunter of the night,
Work my will by magick rite.
By all the powers of land and sea,
As I do say 'So mote it be!'
By all the might of Moon and Sun,
As I will, it shall be done!
